

Lull Telehandler Parts

Lull Telehandler Part - Lull telehandlers have been supplying precision load placement ever since 1959. Whether the work entails transferring loads, positioning heavy steel or landing loads on scaffoldings, using a Lull telehandler would help make the task go faster and easier. These units are complete with the patented Stabil-Trak stability system so as to ensure operator confidence.

The horizontal placement system by Lull can supply 80 inches of boom travel for precision placement capabilities. There are likewise lots of optional Lull attachments for their telehandlers to be able to help do whichever job.
